

Driving Business Growth through Collaboration

IXC's contribution to Open Innovation in Practice

Caroline Bishop:- Managing Director

Who is IXC?

- **IXC UK** is part of the worldwide **InnovationXchange Network[®]** (estbs. 2004)
- **The Goal** is to help people in their companies and universities **connect and collaborate**
- **The Outcome** is **business growth**

What we do

We introduce people and organisations with a technology focus to those with complementary technologies and expertise that can:-

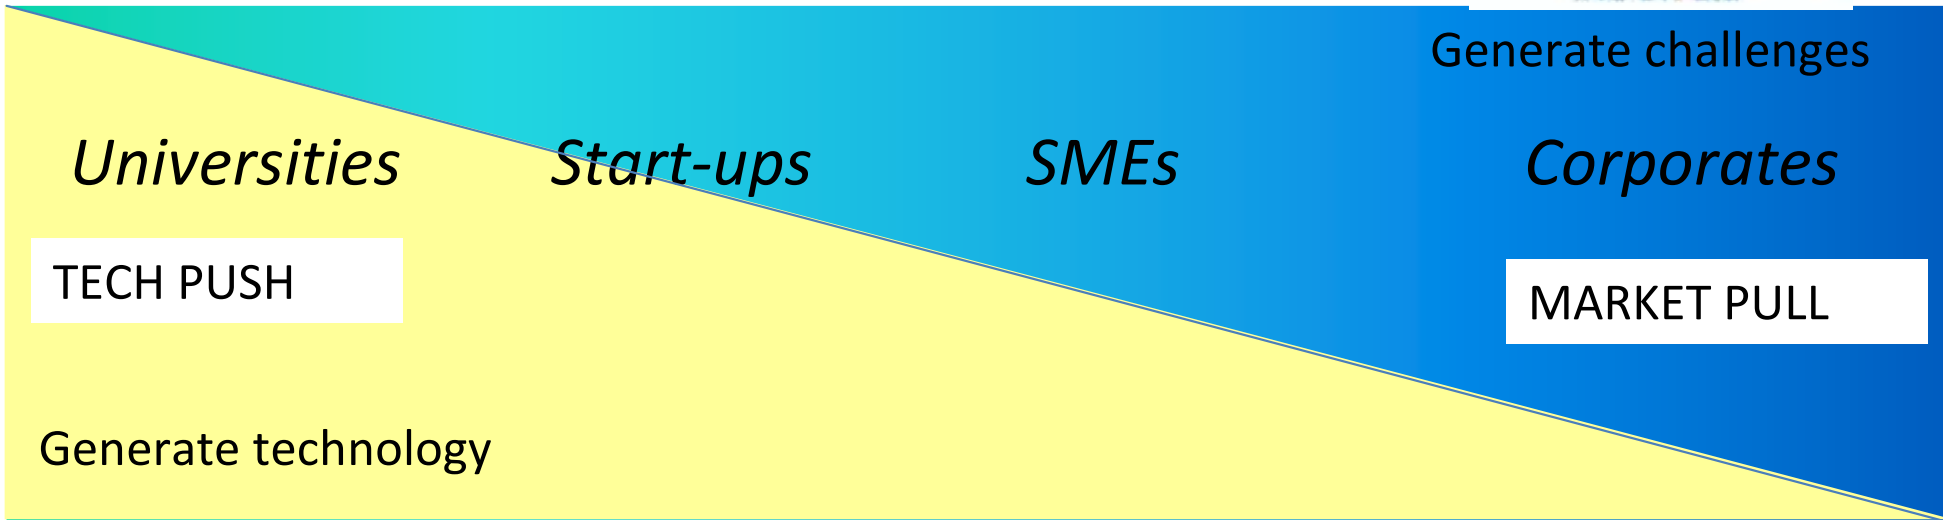

- **Create** new products
- **Combine** their assets to solve problems
- **Develop** access to new markets

We do it ethically, rigorously, and at all times focus on **your** bottom line, not ours
